Jacob Aizikovitz

Objective

Qualify for the 2007 AMA Amateur National Motocross Championship.

I am 16 years old and I ride a 2006 **KTM** 205SX-F in 125C class. I started out on a quad when I was 10 years old and then when I was 12 years old I moved to a **Yamaha** YZ 85 and I have loved dirt bikes ever since.

Accomplishments

- 2004/2005 runner-up in the Mid-South Winter Series 125D.
- 2003 Runner-up in the Alabama-Tennessee Supercross Series 85cc

Two of my favorite achievements were moving from 85cc to a 125 and leaving the 125 D class to go to the 125 C class.

General

Working on the bike takes a lot of time, cleaning it after each race keeps it looking new, I have learned how to rebuild a 2-cycle top-end, install a **Vforce** reed valve, and how a clutch works. I mix all the gas so I know that it is just right.

My plans for this coming year are to race in another mid-winter series, improve in C class and then get ready for Loretta Lynn's qualifier. I will try to qualify in the southeast and then in the Midwest.

Hobbies

I play football for my high school during football season and practice MX during the weekends. Working on my family farm bailing hay keeps me in shape for MX.

Goals

To make it to the pros. My goals for this coming year are to get better in the C class and qualify for Loretta Lynn's national race. I would like to be like Mike Alessi and qualify every year for Loretta Lynn's race. I want to race until I am about 50.

Personal

Born in Phoenix, AZ in 1990; 6'-3", 175lbs
